

Privacy policy

In this Privacy Policy ("policy"), we MW lighting provide information about how we collect, use, process and transmit personal data. For this policy, we use the term "personal data" broadly to cover many privacy and data protection laws applicable to us; "Personal data" means information relating to an identified natural person or information that can be reasonably used (alone or in combination with other reasonably available data) to identify a natural person.

Range

This policy applies to our websites whose direct links are published in this policy or referred to in this policy (collectively referred to as "services"). This policy only covers data collected through the service and does not include any other data collection or processing, including but not limited to data collection practices of other services that maintain their own independent privacy policy.

Data type and collection method

When you register MW lighting through mobile application, CLI, website or any other means, we will collect your email address and other information you provide related to the business you introduce. We also

store other information, such as the configuration and status of the device release.

Purpose of collection and use of data

With your consent and / or when necessary, we collect and process your personal data to provide the products you use, operate our business, fulfill our contractual and legal obligations, protect the security of our systems and customers or realize other legitimate interests. E-mail addresses are used to uniquely identify users, so we can only provide secure access to his / her own devices. Other data released by the storage device to provide the core functions of MW lighting solution.

Where we store and process data

We store and process all relevant information in Amazon Web services (AWS) servers in the United States.

Your choice

You have the right to withdraw your consent and stop any future use of your data. You can exercise the right to obtain information and access data, correct the inaccurate data related to you, and delete the data by sending email to when the conditions are met info@mwlightingusa.com .

Security

We ensure that your data remains secure and confidential, including certain processing performed by the sub processor. To this end, we have taken appropriate technical and organizational measures to prevent the loss, abuse, tampering and deletion of your personal data. These measures are adjusted according to the sensitivity of processing data and the risk of processing or implementing data.

Modification of personal data protection notice

This privacy statement may be changed.

This policy aims to promote the rights of natural persons in the processing of personal data in accordance with Directive 95 / 46 / EC (general data protection regulations), also known as gdpr. We hope that the above services and the content of this website will be as concise, transparent and easy to understand as possible.
